TOWN OF LEXINGTON
Lexington, South Carolina 29072

111 Maiden Lane
WEBSITE: www.lexsc.com

Town of Lexington Goes Green

The Town of Lexington is proud to be a charter member of the Lexington County Green Business Certification Program. Approved in September 2009 by Lexington County Council, the goal of the program is to encourage Lexington County organizations to be outstanding stewards of the environment, thus preserving South Carolina's natural resources. The program recognizes Lexington County organizations that are taking the extra steps in the areas of waste reduction/recycling, energy efficiency, water conservation, and air quality. The program is open to all Lexington County businesses, non-profits, congregations, schools, workplaces, and other organizations.

The Green Business Members are asked to achieve 10 green points in at least one of the certification areas. Organizations that achieve 10 green points in all four certification areas are considered Lexington County Certified Green Businesses. Green Business Members are recognized by Lexington County Council, listed on the green business website and given a decal and certificate to proudly display within their organization.

For more information on the Lexington County Green Business Certification Program or the Green Business Charter Members, visit the green business website at www.lex-co.com/greenbusiness.html or contact Lexington County's Recycling Coordinator, Megan Weidner at 785-3340 or the County's Environmental Coordinator, Synithia Williams at 785-8634.

“Be Counted” in 2010 US Census

2010 US Census forms will be mailed mid-March and must be returned by April 1. It is critical that every Town of Lexington citizen is counted. The Census means federal funding which helps pay for parks, police officers, and much more. If you do not receive a form in the mail, please visit one of the “Be Counted” boxes conveniently located around Town.

For more information, contact Leah Youngblood at 951-4655 or lyoungblood@lexsc.com.

Attention Residents and Business Owners

The Town of Lexington reminds residents and business owners to contact the Town's Parks, Streets and Sanitation Department before doing any work on curbs. Most sidewalks and curbs inside the Town limits are property of the Town. Modifications to curbs can cause drainage and sewer problems. Please contact Dan Walker, Director of Parks, Streets and Sanitation at 359-1027 before doing any work that affects curbs.
