Mayor's Message by Randy Halfacre

Happy 4th of July! I hope you and your family have an opportunity to take time and truly enjoy celebrating America's birthday. It is a day of picnics and parades, a night of concerts and fireworks and a special reason to fly "Old Glory".

July has always been an important month in the role of government, from declaring our independence to starting a new fiscal year. I am proud and honored to say that along with Council, we have yet again passed a financially sound budget (began July 1st). The Town of Lexington has had the great fortune for the last 25 years of passing a **NO TAX** increase budget. In fact, during that time, our millage rate has even decreased twice. This is a true testament to our competent staff that ensures all your services can and will be provided at the least amount possible.

A major factor that enables us to continue to provide these services, is the various grants awarded to the Town. One of the more recent grants provided a facelift to Corley St. Park. The transformation was done with the assistance of Lowe's Home Improvement, whose \$18,841 grant furnished a spray pool, picnic shelter murals, playground equipment and an emergency call box. The Lexington Police Department added the call box for safety measures and the Lexington Countywide Stormwater Consortium installed a rain garden which is also being used as an environmental educational tool.

Our goal is to provide the best "quality of place" to you and your family. I encourage everyone to take advantage of Corley St. Park and all of the Town's parks. Have a great, safe summer!

Normal Operating Hours Every 2nd and 4th Saturday

9am - 1pm

June - October

116 E. Main St.

Lexington Police Department Summer Fan Program

Hot summer days can be potentially dangerous for some individuals, especially those in poor health or the elderly. That's why the Lexington Police Department is conducting its annual Fan Donation and Elderly Check Programs.

Chief Terrence Green states that "this program offers a way for those in need, especially our elderly, to stay cooler during the hot summer months". Besides Fan Donations, members of the department also identify community members who are vulnerable to the heat and conduct daily in person checks on their welfare according to Chief Green.

If you are in need of a fan and are a citizen of the Town of Lexington, please come by the police department located at 111 Maiden Lane. Community Action Team (CAT) members are available Monday through Friday, from 9:00am to 5:00pm to assist citizens who are in need of a fan.

For additional information, please contact Cpl. Doug Lee at (803) 358-1504 or the Lexington Police Department at (803) 359-6260.

Town Council Schedule

Town Council will meet on

Monday, July 18, 2011

**Regular Session at 6:00
(Council Chambers)**

**Work Session Immediately Following
(Eli Mack Room)**

Electronic Recycling

New Law

South Carolina is one of two dozen states implementing e-waste recycling laws (eCycling) to reduce landfill volume, recycle valuable materials and help reduce costs of creating new products.

Effective as of **July 1, 2011**, household computers, computer monitors, printers and TVs are banned by law from South Carolina's landfills.
